

Boiler Protection Plans Annual Service

Annual
Service

Annual Service

Pay as you go

Annual Service is designed for customers that have their boilers or appliances serviced on an annual basis. The boiler or appliances are serviced to the manufacturer's specification by fully qualified, fully insured **Gas Safe** and **OFTEC** registered engineers. All equipment details will be entered into our database and when it's time for your annual service we will contact you to arrange a convenient time to call. This service is extremely helpful with customers requiring **Landlord Gas Safety Certificates** for rented properties.

Annual Service could offer a discount on service charges if you have more than one appliance. Contact our office on 01249 713476 and speak to one of our service team regarding discounts.

Annual Service customers will be attended to as quickly as possible in the event of a breakdown or system fault, especially important in those cold winter months when heating engineers are at a premium. For a **24-hour priority** service, choose one of our Ultra-Care Plans.

Annual Service customers can obtain advice on how to achieve maximum efficiency from their heating system along with recommendations on controls and programmer settings.

Annual Service is a "pay on completion of works".

We can advise you on what type of heating system is best for your property, based on over 50 years of Ultra-Warm's experience in the heating industry. We also offer a full design service for heating and hot water installations, for both domestic and commercial properties
